## LITERATURA

### The Burnout / Kinsella, Sophie

Sasha is well and truly over it all: work (all-consuming), friendships (on the back burner), sex-life (non-existent). Sasha has hit a brick wall (literally).

Armed with good intentions to drink kale smoothies, try yoga and find solitude, she heads to the Devon resort she loved as a child. But it's off-season, the hotel is falling apart and now she has to share the beach with someone else: a grumpy, stressed-out guy called Finn. How can she commune with nature when he's sitting on a rock, watching her? Especially when they don't agree on burnout cures. (Sasha: manifesting, wild swimming, secret chocolate bars; Finn: drinking whisky.)

But when curious messages start appearing on the beach, Sasha and Finn are forced to begin talking - about everything. What's the mystery? Why are they both burned out? What exactly is 'manifesting', anyway?

They might discover that they have more in common than they think...
