The wonder spot Bank, Melissa

Nothing comes easily to Sophie Applebaum, the black sheep of her family trying to blend in with the herd. Uneasily situated between two brothers, Sophie first appears as the fulcrum and observer of her clan in "Boss of the World." Then, at college, in "The Toy Bar," she faces a gauntlet of challenges as Best Friend to the dramatic and beautiful Venice Lambourne, curator of "perfect things." In her early twenties, Sophie is dazzled by the possibilities of New York City during the Selectric typewriter era—only to land solidly back in Surrey, PA after her father's death. The Wonder Spot follows Sophie's quest for her own identity—who she is, what she loves, whom she loves, and occasionally whom she feels others should love—over the course of 25 years. In an often-disappointing world, Sophie listens closely to her own heart. And when she experiences her 'Aha!' moments—her own personal wonder spots—it's the real thing.

All the broken places Boyne, John

When is a monster's child culpable? Guilt and complicity are multifaceted. John Boyne is a maestro of historical fiction. You can't prepare yourself for the magnitude and emotional impact of this powerful novel' John Irving

'Exceptional, layered and compelling...This books moves like a freight train, with force and consequence for the reader' Amy Bloom

From the author of the globally bestselling, multi-million-copy classic, *The Boy in the Striped Pyjamas*, comes its astonishing and powerful sequel.

Ninety-one-year-old Gretel Ferns by has lived in the same mansion block in London for decades. She leads a comfortable, quiet life, despite her dark and disturbing past. She doesn't talk about her escape from Germany over seventy years before. She doesn't talk about the post-war years in France with her mother. Most of all, she doesn't talk about her father, the commandant of one of the most notorious Nazi concentration camps.
